Do your prices increase mid-contract?

Absolutely not! With us, the price you sign up for is the price you'll pay for your entire contract. We don't increase prices mid-contract—ever.

Many big ISPs increase their prices mid-contract each April, often adding around £3 to your monthly bill. This means a £35 deal could cost you over £40 by the end of your contract.

We keep things simple. No mid-contract hikes, no surprises—just a reliable price you can count on.
