How quickly can my service be moved to my new home?

Billing & Contract · https://quickline.co.uk/knowledge/how-quickly-can-my-service-be-moved-to-my-new-home/

We recommend that you let us know your moving date as far in advance as possible so we can have everything arranged to connect you and make sure your broadband is available for use on the day you move in.

If an engineering visit is needed to connect your service, we'll make the next available appointment for you at the time, which may be up to 10 working days away.
