Is there a charge for moving my service to my new address?

Billing & Contract · https://quickline.co.uk/knowledge/is-there-a-charge-for-moving-my-service-to-my-new-address/

If an engineer visit is needed to connect broadband at your new address, standard visit and activation fees may apply.

If we can connect your service without an engineer visit, only an activation fee may apply.

These fees will be waived if you start a new 24-month contract.

Please speak to us to confirm what applies to your move.
